

WARPTANK

[Go buy the real UFO 50](#)

Here's a tiny playable section of shooting and warping. Made possible with some quick 'n dirty engine code edits.

Would be absolutely AMAZING if you can make more UFO 50 games like this.

Masterpiece.

This game is clever as heck! Thanks for the demake and the link! I've never heard of this game before, but it looks like exactly what I like to play
