The Shadow Warriors have constructed their largest base of operations ever, and whisked Marion away. You know what do to! As Billy or Jimmy Lee, you'll stalk your way through city streets, forests, and forlorn temples. Nothing and no one can stop you.

Feel like the Shadow Warriors need a different kind of lesson? Take Hulk Hogan and his rockin' wrestling buddies for a stroll instead. Hey Abobo, whatcha' gonna do when Hulkamaina and the pythons run wild all over you?!

Want a break from the all the street fights? Take a journey to snatch the title from Andre' or climb into the ring for a Royal Rumble.

Didn't pay much attention to Kunio's combo because I thought I was only going to use the new wrestlers. But I had to try Kunio and I had to figure out how to do the combo so here I am in the forum.
