Patch Version	2.52
Hack Release Date	01 January 2023
Readme	Yes
Downloads	24055
Last Modified	01 January 2023

Description:

War of the Lions Tweak is a balance and quality-of-life improvement mod for Final Fantasy Tactics: War of the Lions, designed to make the game more fun and less annoying to play. This mod is not intended to create a wholly *new* experience - instead, its goal is an idealized version of the same game that we all know and love. Play this mod if you intend to replay FFT or experience it for the first time.

Version 2.50 was the first release to embrace game balance as a goal itself, rather than as part of QoL. It added several ASM hacks in order to even further enhance the game. V2.52 is a balance and bugfix update that adds additional optional patches as well!

The full mod source is included in the archive for those who would like to mod the mod or just snoop the ASM code.

Major features include:

- PSP spell effects slowdown fix
- Controllable "Guest" characters
- JP Boost always in effect
- Treasure Hunter always in effect and always finds the rare item
- No missable items or spells
- Multiplayer items are obtainable in the campaign
- All rare (but not unique) items can be purchased at the end of the game
- Broken and Stolen equipment can be repurchased at the Poachers' Den
- Poachers' Den now opens earlier
- Special characters can go on Errands
- Balance pass across the game - reduced difficulty spikes, increased chapter 4 and postgame difficulty
- Gender equality - female and male characters have the same stats and equipment access
- ASM weapon formula improvements (axes are no longer terrible)
- Quicker spellcasting speeds
- Spellcasting quotes reimplemented
- Endgame job prerequisites reduced
- Optional Feature: Only fight random battles when you want to
- Optional Feature: No random battle level scaling
- …and much more!

Please consult the readme file for the details and reasoning for every change!

ROM / ISO Information:

- Use only on an unmodified US version ISO file!
- Serial Number: ULUS-10297
- MD5: 18d1169cefed2d5ed77a599694f2f871
- SHA1: 5120ff66f78cfd31f6e90d8ef4be8200eca563f7
- CRC32: 0d6a3d9f
